

5.2 Environmental Policy

Environmental Health and Safety Policy

Third Coast Terminals is committed to environmental leadership in all of its Operations. We will provide a safe and healthy workplace for our employees as well as minimize our potential impact on the environment. We will operate in compliance with all relevant environmental legislation and strive to use pollution prevention and environmental best practices in all we do. Security Code is SC-01.

We are committed to do and will:

- Integrate the consideration of environmental concerns and impacts into all of our decision making and activities.
- Train, educate and inform our employees and stake holders about environmental issues that may affect their work.
- Develop and improve operations to minimize waste, and other pollution, minimize health and safety risks, and dispose of waste safely and responsibly.
- Where significant health, safety or environmental hazards exist, develop and maintain appropriate emergency and spill response programs.
- Strive to continually improve our environmental performance and minimize the social impact and damage of activities by periodically reviewing our environmental policy in light of our current and planned future activities.
- Promptly report all noncompliance issues in accordance with applicable governmental reporting requirements, evaluate causes of noncompliance, and implement corrective actions.

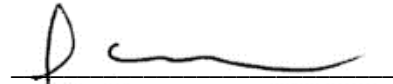

Objectives

- Continuously improve our EH&S management system to reduce the number of nonconformance's found during internal and external audits.
- Educating our stakeholders on the safe use of chemicals and environmental conservation.
- Comply with applicable local, state and federal legal requirements and permits.
- Reduce number of spills.
- Reduce employee injuries.

Endorsement

As Vice President, I affirm my commitment to this policy in the name of Third Coast Terminals.

This policy is communicated to all persons working for or on behalf of the organization, stakeholders and available to the general public. This policy is documented, implemented and maintained following ISO and RC 14001® guidelines and/guiding principles.

Grif Carnes – Vice President
